Everyone knows that this is a time where technology can make life more efficient. Also many people have changed their phone numbers or dropped their land phone line. Given this, we are in need of updating our master phone and email lists of all parishioners. Our intent is to get everyone's email address and correct phone number. We will be selective about what emails we will send to you. Should you not want to receive emails there will be an option for you to do so. **Today after Mass we ask everyone to stop by one of the tables in the parish hall and check the master list to see if we have your correct phone number and email address. Thank You!!**
